PROFILE SUMMARY

Dedicated QA Software Engineer with 4.5+ years of experience in end-to-end testing of healthcare interoperability solutions. Expert in HL7 standards, manual, and functional testing within Tomcat Server environments. Proven track record in identifying critical data discrepancies and ensuring 100% compliance with industry standards before deployment.

EDUCATION

Bachelor of Technology, Computer Science Engineering, <i>Shri Ram Institute of Technology, Jabalpur (MP)</i> 7.91/10 CGPA	08/2017 – 09/2021 Jabalpur, Madhya Pradesh
---	---

PROJECTS

Health Information Exchange (HIE) Implementation, <i>eClinicalWorks</i> Developing interfaces that enable seamless information sharing between healthcare providers, promoting improved patient care coordination and compliance with health data standards.	02/2025 – Present
Vaccine Management System, <i>eClinicalWorks</i> Leading the rollout of an innovative vaccine dispensing interface integrated with vending machines at medical practices. This solution facilitates secure, on-demand vaccine access while enhancing inventory management.	09/2024 – Present
Syndromic Surveillance Monitoring and Interface Implementation; Vendor Onboarding & Maintenance, <i>eClinicalWorks</i> Establishing systems that enable early detection of disease patterns by analyzing real-time health information. Simultaneously managing vendor relationships to guarantee smooth system interoperability and scalability.	11/2022 – Present
Immunization Interface Implementation, <i>eClinicalWorks</i> Spearheading the design and development of seamless interfaces that connect healthcare providers with immunization registries. This ensures timely, accurate vaccine data management and improves workflow efficiency.	10/2021 – Present
Monitoring Immunization Data Flows, <i>eClinicalWorks</i> Overseeing continuous, proactive monitoring of immunization data streams to safeguard data integrity, quickly identify issues, and maintain uninterrupted immunization services critical to public health.	05/2022 – Present

TECHNICAL SKILLS

Testing — Expert

Manual Testing, Regression Testing, Functional Testing, UAT, Bug Tracking.

Tools — Expert

JIRA, Postman, HL7, Apache Tomcat, MySQL, MSSQL, Mirth

Languages — Expert

Java, Python, JavaScript, JSP, C++, HTML, CSS.

Awards

All Star Award, *eClinicalWorks PVT LTD India*

04/04/2026

- Honored for maintaining the highest standards of software quality and data integrity across multiple immunization registry projects, ensuring zero-critical-failure deployments.
